

A unique experience now available for guests

A unique villa built in 1932 for a merchant family. It is located in the old town of Tammissaari (Gamla Stan i Ekenäs).

Tammissaari is a charming, historical area on a bay of Finland - only about one hour drive from Helsinki.

The villa has 13 rooms on 4 floors including 5 bedrooms, several bath rooms plus a stunning sauna department with jacuzzi. In Finnish way also the second wood heated sauna in the basement. It has a beautiful garden next to the sea with plenty of flowers, plants, statues and a fountain. A garage is available for visitors, too.
